

CORNERCARE ARCHITRAVE BEADS

Cornercare Architrave Beads are designed to act as a plaster stop profile whilst creating a shadow-like recess around doorframes, ceilings and varying wall finishes.

The Architrave bead will increase the speed of installation and finishing process dramatically.

INTERNAL PLASTERING

Galvanised Architrave Beads are for use when plastering internally; manufactured to BS EN 13658 : Part 1 & 2 : 2005 from Galvanised Steel to BS EN 10346 : 2009 DX51D + Z275.

EXTERNAL RENDERING

Stainless Steel Architrave Beads are recommended for use when applying an external render, polymer modified finishes or a sand cement finish.

The Stainless Steel beads meet with the requirements of BS EN 13658 : Part 1 & 2 : 2005. All Stainless Steel beads are manufactured from BS EN 10088 - 4 grade 1.4301.

FIXING ADVICE

Please ensure when fixing Stainless Steel Beads that Galvanised Nails are not used as this will lead to rust spots.

COSHH CERTIFICATION

Copy data can be downloaded with product illustrations from our website.

GALVANISED STEEL

| Galvanised Steel | Description | Length (m) 3.0 | Qty/box |
|------------------|----------------------------------|-------------------|---------|
